

upgrading our mission to help animals

Over 1,000 rescued rabbits have roamed the 4.5 acres of **Rabbit Meadows Sanctuary** since we opened in 1996. Our first rescue mission was at a business park in Redmond, where we saved 650 feral rabbits from the ultimate fate of arriving bulldozers.

We've subsequently rescued feral rabbit populations from Rocky Reach Dam in Wenatchee, Seattle's Woodland Park, and the Aqua Barn of Kent, ensuring each rabbit a safe haven to live out the rest of their life at Rabbit Meadows without threat of harm.

Today, Rabbit Meadows shows definite signs of age (as well as wear and tear from weather) and badly needs an upgrade. To accommodate

the sanctuary rabbits and our compassionate human visitors, Rabbit Meadows plans to build a series of small cottage-like structures among the picturesque fir trees on its grounds. The structures will be small so we don't disturb the trees or our resident wildlife (raccoons, deer, owls, cottontail rabbits, etc.) who feel comfortable enough to return to Rabbit Meadows each year to raise their young. Each structure will have a vital part in our "Mission Village" including:

- Adoption Housing
- Feral Rabbit Shelter
- Education Building

- Veterinary Clinic (low cost spays/neuters)
- Squirrel/Cottontail Rehab Area (under the direction of USDA licensed *Sara's Sanctuary*)
- Volunteer/Caretaker Cottages
- Permanent Resident Shelter
- Welcome and Administration Offices

We need your support to accomplish this project. Please help us to continue to give each rescued animal a safe environment and a second chance for a new home!

yes! I want to help give the animals
at Rabbit Meadows a safe environment
and a second chance for a new home!

\$5,000 will build one 200 square foot building
in our village. (We are planning on 10 initial
buildings.) The building will be named by you,
and a plaque with your personal inscription
will be a permanent fixture. Ask your friends
and family or your co-workers to participate
with you!

**The property will need a new well, septic
system, electricity, a driveway, parking lot
and outdoor lighting.**

We need a tractor for a variety of maintenance
tasks and to compost “Bunny Doo” which can
help support our work.

**Veterinary equipment for the clinic is
needed.** (Surgical table, anaesthesia & oxygen
machines, surgery packs, etc.)

All amounts donated are tax-deductible.

I would like to donate:

Rabbit Meadows is a 501(c)(3) non-profit organization.
Tax ID #91-1873550.

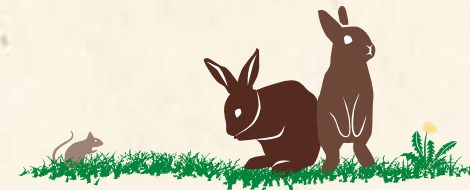

our mission:

The welfare of all rabbits
and rodents is our
primary consideration.

We believe that all are equally
valuable regardless of breed purity,
temperament, state of health,
or relationship to humans.

It is in the best interest of
rabbits and rodents to be
neutered/spayed, to live in human
housing where supervision and
protection are provided and
to be treated for illnesses
by veterinarians.

Rabbits and rodents are intelligent
and social animals who require
mental stimulation, toys, exercise,
and social interaction from
humans and other animals.

**We are a non-profit 501(c)(3)
no-kill animal shelter** (tax ID 91-1873550)
supported by money from sales and
services offered at our shelter,
and by public donations.

All of our animals are rescued,
primarily from city and county shelters
and humane societies.
